SKILLS

Programming Languages: JavaScript, CSS, HTML, TypeScript, Java, JSX, Markdown
Libraries/Frameworks: React, Redux, NodeJS, SCSS, Bootstrap, Storybook, Tailwind
Tools / Platforms: Git, GitHub, Figma, Bitbucket, Jira, Netlify, Heroku, MySQL, MongoDB

PROJECTS / OPEN-SOURCE

Portfolio Website | Link *React JS, JavaScript, SCSS, Sanity CMS, Netlify, GitHub, Git*

In this portfolio, I aimed to showcase my skills, work & experiences. I hosted the code repository on GitHub & deployed it on Netlify. On pushing the changes app gets built automatically with Netlify CI.

Blog App | Link *React, JavaScript, CSS, npm, Git, GitHub*

In this project, I aimed to develop a blogging application to create and view blog posts & deployed it.

Wave Game App | Link *Solidity, Hardhat, Ethersjs, Rinkeby, JavaScript, npm, Git, GitHub*

In this project, I have created a contract in which the users can connect their wallets and send me a message. I deployed it on Rinkeby Testnet.

CERTIFICATIONS

- JavaScript Certification - **HackerRank**
- Freshman Graduate - **Learn Web3 DAO**
- Intro to Web3 - **Buildspace**
- The Complete 2022 Web Development Bootcamp - **Udemy**

HONORS & AWARDS
